Specchio Tubolare Tondo

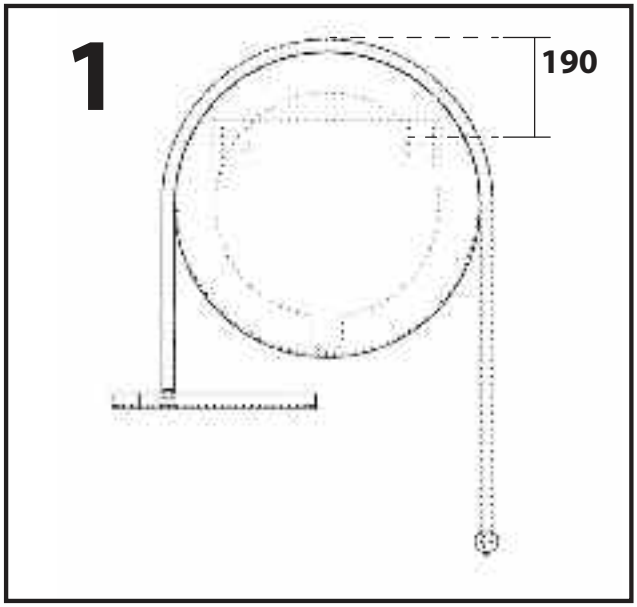

Step di installazione e misure consigliate

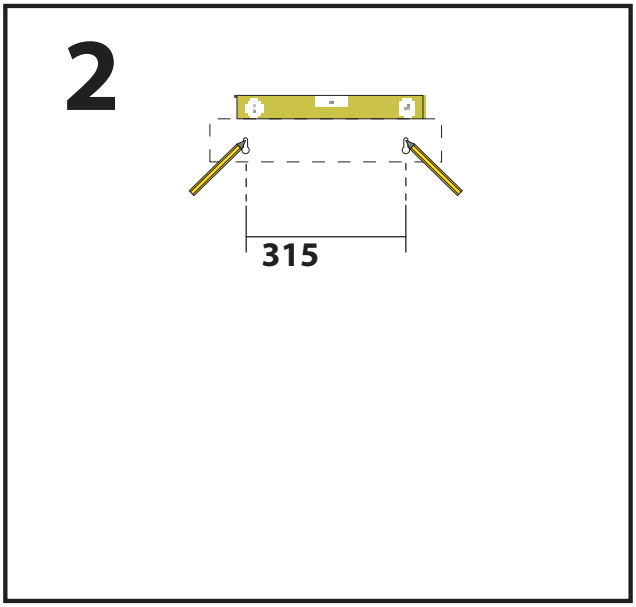

Step-by-Step Installation Guide
Recommended Sizing & Placement Measurements

Le misure consigliate possono variare a secondo delle quote di installazione del lavabo, della struttura o del mobile abbinato. Di norma lo specchio va posizionato a 170 cm da terra al centro dello specchio.

Recommended measurements may vary depending on the installation height of the washbasin, the layout, or the matching vanity unit. As a rule, the mirror should be positioned with its center at 170 cm from the floor.
